Hurry and Worry

Hurry, like a cyclone, whirls you along at a rate that quickly exhausts your energy, and leaves you a nervous, wretched, broken-down physical wreck.

Worry accomplishes the same results in another way. It drags you through the dark, gloomy tunnel of forebodings, wrecks your nerves and breaks down the constitution.

Then don't hurry; don't worry. But you will; and your nervous, exhausted condition brings headaches, neuralgia, heart, stomach, liver and kidney troubles. The thing to do is: Strengthen the nerves with Dr. Miles' Nerve.

"Six months I was bedridden with nervous prostration. I had sinking spells, a cold, clammy feeling, couldn't stand the slightest noise. At times I would almost fly to pieces; stomach very weak. My husband insisted on my taking Dr. Miles' Nerve, and I began to improve before I had finished the first bottle, and to-day I am entirely cured."

MRS. JOSEPH SNYDER,
22 Hudson St., Tiffin, O.

Dr. Miles' Nerve is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails, he will refund your money.

150 MILES OF SETTLERS ARE MERELY SQUATTERS

Railroad's Right of Way Was 200 Feet Wide - They Thought It Was Only 100 Feet.

Topeka, Kan., Nov. 12.—Thousands of acres of the most valuable farm land in Kansas, together with a large amount of land located in towns and cities of the state, are awarded to the Missouri, Kansas & Texas railway by a decision handed down yesterday by the Kansas supreme court in the case of that railroad company against one Watson.

In July, 1886, Congress granted to the Union Pacific Railroad company, southern branch, now the Missouri, Kansas & Texas, a right of way 200 feet wide from said railway to the south line of the state, a distance of about 150 miles. Afterwards patents were issued to private persons for land through which the railroad runs, without excepting the right of way. The persons holding these patents for land through which the railroad runs, have treated the right of way as being only 100 feet wide. In some cases valuable improvements have been made on the outer fifty feet on each side of the tracks, and the railroad company brought suit to oust the occupants. The land affected is in one of the most fertile portions of the state.

Justice Burgh, who wrote the opinion, said the case must finally be decided in the United States supreme court, as an act of Congress was involved. The wide right of way was granted to the railroad with the express provision that all troops and munitions of war should be carried free forever.

Standard Oil Interested in International Mercantile Marine Company.

New York, Nov. 12.—The New York Journal of Commerce Saturday said it had learned from a responsible source that Standard Oil interests have recently acquired a substantial interest in the securities of the International Mercantile Marine company. This interest is an extensive one, the Standard Oil people have asked representation on the board of directors of the concern. In compliance with this request Thomas W. Joyce, one of the representatives of J. P. Morgan & Co. on the board, handed in his resignation early last week, and at a special meeting of the board Thursday John F. Archbold was elected to fill the vacancy. Mr. Archbold is the son of John D. Archbold, vice president and director of the Standard Oil company.

BELIEVE ARTHUR IS DEAD.

Long Search Fails to Show Trace of Missing Rutland Man.

Rutland, Nov. 12.—After searching in every conceivable hiding place for Harry Arthur of Stratton road, who disappeared several weeks ago, his relatives and friends in this city have given up hope of ever seeing him again.

The only explanation of the affair offered is that Arthur is dead, this being the general opinion of his friends. The theory that he was insane seems to have little foundation, as he showed no signs of mental trouble.

A Year of Blood.

The year 1903 will long be remembered in the home of F. N. Tackett of Alliance, Ky., as a year of blood, which flowed so copiously from Mr. Tackett's lungs that death seemed very near. He writes: "Severe bleeding from the lungs and a frightful cough had brought me at death's door, when I began taking Dr. King's New Discovery for Consumption. With the astonishing result that after taking four bottles I was completely restored and as time has proven permanently cured." Guaranteed for sore lungs, coughs and colds, at the Red Cross pharmacy. Price 50c and \$1.00. Trial bottle free.

MR. SPRING-RICE MAY BE THE ONE

Probable Appointment of Successor to Sir Mortimer Durand.

New York, Nov. 12.—The New York Times says it was ascertained in New York Friday night that Cecil Arthur Spring-Rice will probably be the next ambassador to this country from Great Britain. As far as could be learned, the British foreign office has not yet definitely decided on the appointment, but of all those mentioned for the office Mr. Spring-Rice is regarded as the most probable appointee. Mr. Spring-Rice is at present in Persia, having succeeded Sir A. M. Hardinge at Teheran. Before that he was first secretary of the embassy at St. Petersburg. He was born in 1859 and was educated at Eton and Balliol, Oxford. If he succeeds Sir Henry Mortimer Durand, his promotion will be due, in some part at least, to the fact that he is on friendly terms with President Roosevelt. In 1904 he married Florence, daughter of Sir Frank Lascelles.

BOERS MAKING TROUBLE.

British Police Camp in Cape Colony Is Surprised.

Cape Town, Nov. 12.—A disturbance has occurred in the northwestern part of Cape Colony. The official report of the affair says that several Boers, led by a man named Ferreira, recently employed in German Southwest Africa, entered the northwestern part of Cape of Good Hope a few days ago and surprised a police camp in the vicinity of Witkop, wounding two droopers, seizing their arms and ammunition and subsequently capturing a corporal of police. At Abiquarsnar, Ferreira, who is a Transvaal colony Boer, gained some recruits and marched to Zwart Modder, about 25 miles from the frontier, where he is reported to be compelling the farmers to join his forces, asserting that an uprising in the Transvaal is imminent. The colonial government has adopted measures to suppress the disorder.

HAS'N'T PAID \$3,000 YET.

Consolidated Rendering Company May Delay Paying Five Months.

Burlington, Nov. 12.—The Consolidated Rendering company has not yet responded to Judge Rowell's decree that it pay a fine of \$3,000 for contempt of court in neglecting to produce all the papers called for by the Chittenden county grand jury in the investigation of the sale of diseased beef by the Burlington branch of the company and the local property has been levied on. The levy holds the property subject to the execution for five months, when it may be sold. It is expected, however, that the company will produce the money within that time.

Reward for Wilmington Robbers.

Wilmington, Nov. 12.—Deputy Sheriff O. R. Buell and Constable Walter Hall, who have been investigating the post-office robbery Tuesday, say they have one or two clues which may amount to something if followed up by the government. The federal authorities have directed Postmaster O. H. Jones to offer a reward of \$200 for the capture and conviction of the burglars.

VESUVIUS DISTURBED AGAIN.

Part of Crater Falls in, but Prof. Matteucci Doesn't Call It Explosion.

Rome, Nov. 12.—Mt. Vesuvius and the surrounding villages were shaken up at noon Saturday by a kind of earthquake, which was accompanied by detonations and followed by a considerable fall of ashes, especially over Ottajano, which was destroyed during the eruption of last April, and is now in course of reconstruction. The phenomenon caused great alarm. Investigation showed that part of the crater of the volcano had fallen in. During the afternoon there were three more slight shocks in the Vesuvian region, and a further discharge of ashes, which was blown in the direction of Pompeii and Ottajano. Thus far Naples has not been affected by the eruption, but a dark column of smoke can be seen from the city hovering over the crater.

Prof. Matteucci, director of the Royal Observatory on Mt. Vesuvius, in an interview with the Associated Press, said: "I do not believe this is a new eruption, as all the phenomena preceding such an event are lacking. I think the rain of ashes was caused by the slipping down of the superior lip of the crater, and that the earth tremblings were due to water from the recent heavy rains having reached the fire zone inside the volcano, producing an internal explosion."
